Dear Richard:

I checked with Dalia Rudavsky, and she confirms that there is no way of obtaining a former tenured faculty member's personnel records unless an MCAD case is filed or court litigation instituted.

I believe there is a reasonable basis for an MCAD charge, which would put us in a position to discover copies of the documents you are interested in and obtaining damages from the College. I have enclosed a draft statement that would be submitted with an MCAD charge for your consideration.

I will call you on Wednesday to discuss this.

Very truly yours,

Warren H. Pyle
